FEASIBILITY STUDY

Sponsored by the Shelton State Foundation, the college will conduct a "Feasibility Study" this summer and fall. The Winfield Group, Inc. in Atlanta, Georgia will complete a comprehensive study involving faculty, staff, and key business leaders in West Alabama.

The study will be significant because it should answer questions regarding potential for fund raising activities, fund raising parameters and the image of Shelton State Community College held by citizens of West Alabama. We hope to uncover strengths and weaknesses about the college and the college's public image with this study as we prepare for a fund raising campaign in conjunction with the new campus.

Rick Rogers and Lucy Kubiszyn will be coordinating this study. If you have any questions please contact one of them.
